Min-Ad

A natural mineral compound for use in dairy and beef cattle feeds to improve performance, increase microbial growth, regulate digestive tract pH, and as a mineral source. Recommended feeding rate is one ounce per 10 pounds of milk production, generally 4-8 ounces per head/day. Min-Ad can be used by itself or in combination with sodium bicarbonate or sodium sesquicarbonate.

 STAFF**

Friendly and courteous staff make the ordering process fast and easy.

CALCIUM CARBONATE, LIME, LIMESTONE

Dairy White Barnlime Coarse

Screened and blended calcium carbonate adsorbs moisture, reduces odors and enriches manure for field application. It is applied topically in dairy barns, poultry barns, farrowing houses and other livestock facilities. The coarse grind is used for maximum slip resistance with excellent moisture adsorption.

010-004-03 50 lbs 40/PT

Hydrated Lime

A manufactured lime product for barn sanitation, poultry litter control and lawn and garden.

010-008-03 50 lbs 45/PT

CALCIUM CARBONATE, LIME, LIMESTONE

Fre Flo Calcium Carbonate

Most popular granular blend that delivers the greatest particle size range to optimize animal performance, nutrient digestion and utilization. It is used as a multipurpose product in formulating feed all species.

 Sugar (as invert) 38.0 %

007-008-03 50 lbs 40/PT

GRIT

Grit #1

Our product is high in calcium, low in solubility and ideal for laying hens. It is a proven oyster shell replacer.

010-011-03 50 lbs 56/PT

Grit #2

For use in grower bird feed rations. 100% crushed quartzite gives highest angularity and sharpness, enabling the gizzard to become a fast, efficient grinding mill. 96% pure silica will not dissolve in the bird's gizzard, upset the mineral balance of the feed or neutralize digestive juices.

010-014-03 50 lbs 56/PT

Grit #3

For use in developer and layer bird feed rations. 100% crushed quartzite gives highest angularity and sharpness, enabling the gizzard to become a fast, efficient grinding mill. 96% pure silica will not dissolve in the bird's gizzard, upset the mineral balance of the feed or neutralize digestive juices.

010-015-03 50 lbs 56/PT

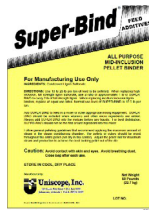

PELLET BINDERS/MOLD TOXIN BINDERS

Super-Bind®

Is a powerful all-purpose, mid-inclusion modified lignin sulfonate pellet binder that improves pellet quality. Super-Bind works on all feed types with a use rate of 10 to 25 lb per ton (5 kg to 12.5 kg per ton). When replacing high-inclusion lignin sulfonate, use a ratio of approximately 1 lb (.5 kg) to every 2 lb (1 kg) of full-strength lignin. When replacing medium inclusion binders, replace at equal use rates.

012-049-03 50 lbs 40/PT

Bentonite Granular

For general feed use and pelleting. Reduced dustiness in feeds. Fine, free-flowing with low fines content. 1% retained on a 30-mesh. 10-20% retained on a 40-mesh. 12% max passing on a 200-mesh screen.

012-008-03 50 lbs 49/PT

Red Lake Earth

Red Lake Earth® is for use in feeds as an anticaking agent or pelleting aid for further manufacturing in feed, in an amount not to exceed two percent of the total diet. Consult the Compendium of Medicating Ingredient Brochures for acceptable drug compatibilities. To be used for various livestock species including:

Poultry, Dairy, Swine, Cattle, Equine, Ratite, Goats, Sheep & Bison

SALT- FEED MIXING, BLOCKS, BRICKS, AND SPOOLS

Champions Choice Trace Mineral with Selenium Bag & Feed Mix-N-Fine Salt Block

High-purity, premium product is formulated for most animal diets and is suitable for blending in rations or for free-choice feeding. Precisely screened, feed-grade rock or solar salt for mixing in rations or free-choice feeding of livestock. Contains FDA approved anticaking agent for easy mixing and superior storage properties.

075-064-03 50 lbs bag 49/PT

015-026-03 50 lbs block 40/PT

White Blocks

Easy, free-choice feeding. Standard plain salt for salt supplementation.

015-022-03 50 lbs 40/PT

Champions Choice Salt Spools

Easy salt supplementation for small animals such as rabbits, mink, guinea pigs and chinchillas.

075-090-03 Plain 3 oz 24/Cartron

075-091-03 Trace Minerals 3 oz 24/Cartron

Champions Choice Trace Minerals with Selenium Bag & Block

Provides 90 ppm selenium in addition to trace minerals. Selenium helps prevent white muscle disease, heart failure and poor reproduction.

075-072-03 50 lb bag 49/PT
075-100-03 50 lb block 40/PT

Champions Choice Trace Mineral Salt

Provides balanced and guaranteed levels of iron, copper, zinc, manganese, cobalt and iodine to ensure against deficiencies of these trace elements.

015-024-03 50 lbs 49/PT

Salt Brick - Trace Mineral

- Provides essential salt plus an optimal balance of trace minerals for healthy diets of cattle, horses, swine and other large animals.

- Trace minerals include manganese, iron, magnesium, sulfur, copper, cobalt, zinc and iodine.

- Durable, weather resistant 4 lb. bricks for easy free choice feeding. Designed for placement in easy-to-install RotoSalt brick holders.

- Allow livestock free access to this feed salt, and place near an adequate water supply. Sheep are susceptible to copper deficiency and copper toxicosis.

075-097-03 4 lb 15/CS

Salt Brick - White/Plain

- Clean, evaporated salt; 97.5% pure.

- Compressed into durable, weather resistant 4 lb. bricks for free choice feeding.

- Specially designed for easy placement in RotoSalt brick holders.

- Provides an affordable, efficient and convenient way to introduce salt into a large animal's diet.

- Recommended for all classes of livestock. Place near adequate water supply. Allow livestock free access to this feed salt.

075-096-03 4 lb 15/CS

SALT - WATER SOFTENING

Diamond Crystal Iron Fighter Pellets

Contains ingredients which help protect water softeners from rust and dirt buildup, thereby extending the life of plumbing, fixtures and water heaters. Ultra-high purity assures virtually no insoluble buildup in the brine tank.

075-041-03 40 lbs 63/PT

Diamond Crystal Bright & Soft Pellets

Exclusive cleansing formula that extends the life of a water softener. Made from ultra-high purity salt. Virtually no insoluble buildup in the brine tank.

075-040-03 40 lbs 63/PT

Diamond Crystal Solar Naturals

Produced naturally by using the sun and wind. Sized for maximum percolation assuring no channeling, bridging or mushing. Snow white crystals are cleaner and more efficient than rock salt.

075-084-03 40 lbs 63/PT
075-068-03 50 lbs 49/PT

SALT - FOOD GRADE

Alberger® Fine Flake Supreme Salt

For use in processed cheese, baking, toppings, spreads dressings, meats, seasonings, prepared mixes, curing and spice blends. Contains yellow prussiate of soda and glycerin for complete solubility.

075-073-03 50 lbs 49/PT

Hi-Grade Evaporated Salt

For use in a variety of food-processing applications, including baking, canning, pickling, seasonings and prepared mixes. Additive free. Non-food applications include acting as a carrier or a chemical and bulking agent in many household and personal care products

075-088-03 50 lbs 49/PT

Top-Flo® Evaporated Salt

Intended for a variety of food processing applications, including baking, cheese manufacturing, meat processing, seasonings and prepared mixes. Non-food applications include acting as a carrier or a chemical and bulking agent in many household and personal care products. Contains YPS (Yellow Prussiate of Soda) as an anticaking agent.

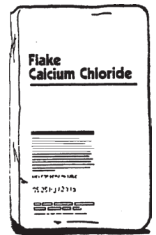

075-074-03 50 lbs 49/PT

ICE CONTROL PRODUCTS

Flake Calcium Chloride

Excellent for use in tractor tires and for dust control.

219-011-07 50 lbs 50/PT

Excel Calcium Chloride Pellets

Effectively melts down to -25°. Begins melting immediately upon impact—generates melting heat fast. Quickly penetrates through frozen surfaces to undercut the ice. Most efficient de-icer on the market—melts more so application rate is less. Long-lasting melting action—requires fewer applications than other de-icers. No powdery residue - odorless and colorless. Safe on concrete and vegetation when used correctly.

219-200-07 50 lbs 50/PT

Road Runner Blended Ice Melters

Contains calcium chloride — the fastest dry de-icer on the market. Begins melting immediately upon impact — generates melting heat fast. Effectively melts ice down to -15°F. Needs fewer applications than rock salt. Safe on streets, driveways, sidewalks, steps and the environment when applied correctly. Doesn't track — it's odorless and colorless.

219-500-07 20 lbs 120/PT
219-501-07 50 lbs 50/PT
219-502-07 10 lbs 240/PT

Road Runner Pet Friendly Ice Melt

This ice melt is easy to apply and is specially formulated to melt to -15 degrees Fahrenheit. This natural product contains no salt and is made with pure magnesium from the Dead Sea, making it pet friendly. It is also rated a safer product for lawns, trees and shrubs. The safe paw ice melt dissolves snow and ice using magnesium chloride pellets, so all that is left behind is a safer, cleaner surface.

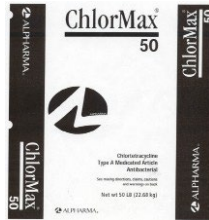

219-504-07 20 lbs 100/PT

MEDICATIONS

ChlorMax 50 VFD Required

Type A medicated article. Antibacterial. For use in manufacturing medicated feed only. For increased rate of weight gain and improved feed efficiency in chickens, turkeys, swine, sheep, and growing cattle. For the control of bacterial pneumonia associated with shipping fever complex caused by Pasteurella spp. Susceptible to chlortetracycline. Active drug ingredient: Chlortetracycline (as hydrochloride) 50 grams/ton.

021-313-03 50 lbs

Deccox 10X (0.5%)

For use in cattle feed as an aid in the prevention of coccidiosis caused by Eimeria bovis and Eimeria zurnii. Active drug ingredient: decoquinatate 2271mg/lb.

Guaranteed Analysis:
Calcium (min) 14%
Calcium (max) 16%

763-100-03 10 lbs

Terramycin 4g Crumbles VFD Required

Highly effective in the treatment of a wide variety of infectious diseases in animals. Active against a broad range of susceptible gram-positive and gram-negative bacteria. Fights disease producing organisms in both the bloodstream and gastrointestinal tract. Blends easily with feedstuffs. Free-flowing and non-dusty. Highly stable crumbles. Active drug ingredient: oxytetracycline HCl 4 g/lb.

021-022-03 50 lbs

Terramycin 50 VFD Required

Highly effective in the treatment of a wide variety of infectious diseases in animals. Active against a broad range of susceptible gram-positive and gram-negative bacteria. Fights disease producing organisms in both the bloodstream and gastrointestinal tract. Blends easily with feedstuffs. Free-flowing and non-dusty. Highly stable in meals, pellets, cubes and crumbles. Active drug ingredient: oxytetracycline hydrochloride 50 g/lb.

021-026-03 50 lbs

VITAMINS - STRAIGHTS

Biotin 100 mg

For use in cattle, equine, swine and poultry rations.

Guaranteed Analysis:
Biotin 100 mg mg/lb%

756-705-08 50 lbs

Vitamin E 20,000

20,000 IU/lb.

756-560-08 50 lbs

ADDITIVE - FLAVOR

Apple Flavor

- Motivates animals to eat
- Increases palatability of feed
 - Provides merchandising opportunities for feed marketers through adding a popular fruit-flavor and aroma to feed
 - Adding feed flavours makes the animal feeding experience more pleasant for the human
 - Masks vitamins and medications in special diets

MINERALS - BEEF OR DAIRY

Super "12" Dairy Mineral Base Mix

A basemix product intended to be the major source of supplemental calcium, trace minerals and vitamins in lactating dairy cow rations. The 2-1 ratio of calcium to phosphorus makes this most appropriate for corn silage plus moderate legume forage-based programs for milk cows. Uniform, consistent quality product from bag to bag. Minimal problem with dust. Improved palatability. "Basemix" levels of trace minerals (cobalt, copper, manganese, zinc and selenium).

SUPPLEMENTS - GOATS & SHEEP

Sweetlix 16:8 Meat Maker Goat Mineral Supplement

Designed especially for the nutritional needs of goats. High quality nutritional package, including organic minerals from BIOPLEX and SEL-PLEX for improved bioavailability. Highly palatable formula designed to keep goats coming back for more. Added RainBloc for improved resistance to moisture.

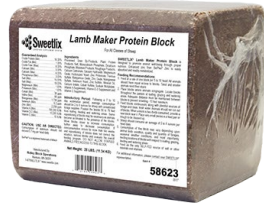

006-066-03 25 lbs 80/PT

Sweetlix Lamb Maker Protein Block

Lamb Maker Protein Pressed Blocks deliver high quality, plant-based protein in addition to a high quality mineral and vitamin package designed to promote health and well-being for your sheep through proper nutrition. In addition to highly bioavailable organic minerals, this block contains added BIO-MOS® 2 for improved gut health during stressful periods. This small block size is ideal for lactating ewes and growing lambs because lambs are unlikely to sleep or play on the blocks. Designed especially for the nutritional needs of sheep to promote health and well-being through proper nutrition. Delivers high quality, plant-based protein during times of low forage quantity or quality. High quality nutritional package, including organic minerals from BIOPLEX Zinc for improved bioavailability. Added BIO-MOS 2 for improved gut health during stressful periods. Highly palatable formula designed to keep sheep coming back for more. Conveniently sized, 25-lb pressed block is easily transported. Small size means that lambs are less likely to soil the block due to lying on it.

BOTTLES & SUPPLIES

Calf Bottle with Screw on Nipple

Bottle is sturdy and sanitary, made of FDA compliant, food-grade polyethylene plastic that is durable yet translucent enough so you can see the content level. Nipple is made with a special rubber formula to prolong nipple life and improve pliability. Threaded top for a secure fit.

226-088-06 2 quart

Pop Bottle Lamb Nipple

These nipples are designed to fit snugly on a standard 20-ounce plastic soda bottle. The nipple is soft and pliable, with a natural shape for the tender mouths of lambs, kids, piglets, foals, and other small livestock. Made with a special rubber formula to prolong nipple life and improve pliability.
